Offer Cash Prize For Best Window

Christmas Lights to Be Turned on Here Saturday Night; Yule Programs Planned

Hamlin will take on a holiday appearance this week-end when colored lights will be turned on in downtown areas and many business houses will unveil their special "Christmas windows" to the view of the public.

The vari-colored lights were strung across downtown streets earlier this week.

A window-dressing contest, sponsored by the Chamber of Commerce, was announced Wednesday after a special committee of the civic club met to discuss details of the plan.

Cash prizes of \$10, \$7.50, \$5 and \$2.50 will be awarded to merchants with the most beautiful windows at the close of the contest on December 15.

The contest, which begins immediately, will be judged by out of town men who will come here December 15 for that purpose.

A contest of yard and home decoration, discussed by members of a women's club in Hamlin, was still undecided Thursday, but some members of the organization hoped to sponsor a contest for Christmas beautifying of homes and lawns in the city.

Mixon Reenlists in Army Medical Service

Sgt. Robert C. Mixon of Hamlin reenlisted in the regular army for an unspecified term this week at Medical Field Service School, Fort Sam Houston, where he is assigned for duty.

Mixon has a prior service record of six years and two months. He was awarded the Good Conduct, World War II Victory, American Defense, American Theater, European-American-Middle East and Asiatic-Pacific (with Bronze Star) medals. Mixon is the son of Mrs. Ida Mixon, Route 2, Hamlin.

Frankie Sue Madden, left, was chosen Queen of the Harvert Festival sponsored by the junior class of Hamlin High School Saturday night, November 27. Lou Sara Dean, right, was selected as the princess for the Hamlin Elementary School.

Aged Tuxedo Man Killed by Auto Near Farm Home

A. F. French Sr., 76, prominent farmer of the Tuxedo community, was killed last Wednesday evening when struck by an automobile as he was crossing the highway near his home, east of Hamlin.

Joe Virgil Harris, army recruiting officer at Olney, and his brother-in-law were in the car en route to Stanton. Harris, who was driving, said he swerved the car in an effort to avoid hitting the aged man, who retreated in the direction of the swerve.

French was taken to the Stamford Sanitarium, but was pronounced dead on arrival.

Funeral services were conducted Friday at 3 p.m. in the Tuxedo Baptist Church. Novel Baize was in charge of the service, assisted by Rev. L. D. Regeon, Baptist pastor, and Rev. W. L. Tucker, Methodist pastor. Burial was in the Fairview cemetery.

French and his wife came to Jones County in 1918 and had made their home in the area since that time. They would have celebrated their golden wedding anniversary in December. French was born in Virginia, April 17, 1872.

Survivors are his widow, a daughter Mrs. Bethel Baize and four sons, Andy, J. K., D. V. and A. J., all of Tuxedo; two brothers, J. W. of Waxahachie and Lowell of Sacramento; three sisters Mrs. Sallie Christopher of Arlington; Mrs. Mollie Woods of Dallas and Mrs. Lucy Atkins of Waxahachie.

Cold Weather Halts Oiling of Streets

Dry, cold weather in Hamlin has caused a temporary halting of the street oiling program, Mayor Holly Toler said this week.

Additional streets cannot be worked until they can be graded, and this cannot be done until after rain has put them in condition for grading, Toler said. In addition, the asphalt surfacing cannot be carried out successfully in cold weather.

Toler invited persons who have put up cash deposits to come to the city hall for their money, if they want to take down the deposit. Those who put up checks, Toler said, are asked to leave them up, as they will not be cashed until work can be resumed next spring. By leaving the checks on deposit work of surfacing will be speeded as soon as the weather will permit.

Two Negroes Pay Heavy Fines for Liquor Violation

Two Hamlin Negroes were assessed heavy fines in county court last Saturday when they entered pleas of guilty to charges of violating the state liquor laws.

The two are Luther Wright and George Rivers. They were arrested in a raid headed by City Marshal J. H. Foster. Other officers on the raid were Jack Miles, Joe Backus, George Connell, and two highway patrolmen from Abilene, whose names were not on record.

The raid was made last Friday and officers said they found five pints and whisky at the Luther Wright place. Wright entered a plea of guilty to the charge and was fined \$300 and costs. The fine last week marks Wright's fifth time during the current year to face charges of the type, Foster said.

Four quarts of wine and one case of beer were confiscated at the George Rivers place, officers said. He paid a fine of \$100 and costs on a plea of guilty to the charge.

Morgan House to Stop Serving of Meals Dec. 18

Hamlin far-famed Morgan House will close its doors to diners on Saturday, December 18, when its kitchen and dining room will be locked up "for good," Mrs. Florence Morgan, proprietor, said this week.

Mrs. Morgan, who has been serving meals in Hamlin for 15 years, plans to go to San Diego, California, for a brief visit with her son, Eugene Morgan, who is in the Navy. She will return here to continue operating her rooming house.

Noted throughout this area of West Texas for the family-style meals served, the Morgan House has attracted numerous visitors to Hamlin.

Mrs. Morgan estimated this week that she has served an average of 150 people each day, which would figure more than 800,000 meals during the years she has operated a dining room.

She began operation of her unique type of boarding house in her home in 1933, and on June 12, 1936, she took over the operation of the large hotel where she is now located.

During the past 15 years the dining room has been closed only one time, for a 30-day vacation.

Mrs. Morgan has eight regular employees and during holiday seasons she employed several additional persons to help with the rush.

The Rotary and Lions Clubs, which have been conducting their meetings at the Morgan House for the past several years, were looking for a location for their future meetings this week.

Mr. and Mrs. William L. Moore of Anson were guests last week of Mrs. Milton Jones.

Mr. and Mrs. Ervin Vickert and daughters spent the Thanksgiving holidays with relatives in Odessa.

Mr. and Mrs. Harold Bonner and children attended the Civic Music Association program in Hardin-Simmons University in Abilene Monday night.

Mr. and Mrs. Thurston L. Thomas of Clovis, New Mexico, spent the Thanksgiving holidays in Hamlin with Mr. and Mrs. W. L. Hunter Sr.

Body of Pvt. Troy Ford Is Coming Home for Burial; Killed at Iwo Jima

After lying on Iwo Jima for more than three years, the body of Private Troy Ford will be brought back to his native state for burial, with military rites, it was announced this week by the War Department.

Ford was the son of Mr. and Mrs. Joe Ford of the Wise Chapel community. It is in that community that funeral services will be conducted and final burial will be made.

Born at Whitney, Hill County, November 10, 1921, young Ford came to Jones County with his parents in 1928. They moved to the Wise Chapel area in 1938. Ford graduated from Hamlin High School in 1940.

After spending two years as an employee of the Rohr Aircraft Co., Ford volunteered for military service in 1942. He was assigned to the marine corps and received his training in California.

Shipped overseas in August of 1944, Ford took part in several engagements. He was stationed on Guam for several months with the Third Marine force. He took part in the attack on Iwo Jima and after six days of fighting he was killed in action on February 27, 1945.

Troy became a Christian at an early age and united with the Fairview Baptist Church, of which he was a member when killed.

Funeral services will be announced after the body arrives at the family home.

He is survived by his parents, Mr. and Mrs. Joe Ford; four sisters, Inez of Dodge City, Kansas, Mrs. Carl Smith, Stamford, Mrs. D. B. Lieb, Portales, N. M., and Wanda of Abilene; six brothers, C. E. of Stamford, H. L. Wilburn, Joe Edwin, David and Douglas, all of Hamlin.

Junior Class Play to Be Given Friday Night

Hamlin High School's junior class will present its annual play in a performance in the high school auditorium Friday evening, Miss Billy Lancaster, director said this week.

The play, a 3-act comedy, is titled, "Ever Since Eve."

The cast of characters, as announced, follows: Clea, Faye Willis, Mrs. Clover; Ted Kelly, Spud Erwin; Nita Green, Betsy Erwin; Donna Miller, Susan Blake; Patsey Parker, Martha Willard; Harold Carter, Officer Simmons; Billy Roach, Henry Quinn; Frankie Madden, Lucy Belle Lee; Buddy O'Neal, Preston Hughes; Wesley Campbell, Bedford Putman; Eddon Campbell and Dunwood Smith, football players.

Frances Boyd is stage manager for the play and Wayne Daniels is sound man. Wilma Rhoten and Nellie Koonce are prompters.

Complete 3 Wells in Hamlin Field

Ellis Hall Hits Pay at 4,368 Feet for 250-Barrel Producer; Brynt and Flores Also Hit

Hamlin's oil field in the Round Top area took on new life this week with completion of two wells for production, and with two others in pay structure but having troubles.

The Ellis Hall on the Sterling tract came in early this week for a good producer from 4,368 feet—the highest pay production in the field.

The well has not yet been given an official test, but operators estimated it will produce 250 barrels daily on a quarter inch choke. The well penetrated the pay structure Sunday.

The Dr. W. H. Bryant well on the Swenson tract hit pay in the Palo Pinto reef and will be given an official test late this week.

Meanwhile, trouble stalked the General Crude Co., drilling the Flores No. 2, when the tools penetrated pay but the company was unable to bring in the well immediately because of lost circulation. Crews were working Thursday to restore circulation and complete the well.

The General Crude, Flores No. 1, also hit pay, but it will be several days before the test can be put on production.

General Crude has moved a rig to a new location, directly east of

its No. 1 test on Flores, and the same company is digging a slush pit for its No. 4 well, to which it will move its derrick from its No. 2 venture.

The J. B. Terrell No. 2 was drilling this week past the 2,900 foot mark and hoped to pick up production within the next week.

The Ellis A. Hall, G. A. Poe well was bottomed at 2,200 feet Thursday and drilling ahead.

Cotton Prices Up For Week; Seed Prices Climb Too

Cotton moved to Oklahoma and Texas markets last week in larger volume and at higher prices than the week before, reports the southwest area office, United States Department of Agriculture's Production and Marketing Administration.

Sales at Houston, Galveston and Dallas climbed to 122,289 bales compared with 75,245 a week earlier. Ten spot markets reported sales of 285,000 bales against 169,000 last week. Cotton also entered government loan in heavy volume, and increased the season's total to 2,294,000 bales.

Houston and Dallas paid 31.40 cents for middling 15-16 inch at the close of the week while Galveston paid 31.30 cents. These prices were \$9.50 to \$11.75 per bale less than for the same week a year ago.

Domestic mill interests were light but export demand continued good. Best shippers demand was for strict low middling and better, ranging in staple lengths 16-16 inch through 1-1-16 inch. Demand for 7-8 inch staple in practically all grades was good, however the supply of some grades was scarce.

West Texas and Oklahoma saw favorable weather for the week and harvest made good progress. Mechanical harvesters were being used in these areas on a limited scale. Scrapping continued in other producing areas while others reported fields had been plowed.

Open Fund Drive; \$2,000 Reported

Solicitation in Residential Areas Will Be Completed by Committees This Week

More than \$2,000 in cash contributions had been raised in the first two days of solicitation in the drive for funds to retire outstanding indebtedness against the Hamlin Memorial Hospital, committee members reported Wednesday.

The campaign for funds opened Monday morning and will continue throughout the week, which has been designated "Hospital Week" in a proclamation by Mayor Holly Toler.

The money reported was raised by a partial solicitation of business blocks in the city. Not all of the business district had been visited by solicitors, and committee members were expected to complete the task by Friday.

Solicitation in residential areas will get underway in earnest Thursday, Friday and Saturday and an effort will be made to see each resident of the city and give an opportunity for contributing to the hospital fund.

A list of donors, as reported to The Herald Wednesday, follows:

Piper Cagers to Play Pre-Season Practice Games

Jumping the gun on the official opening of the basketball season, the Hamlin Piper cagers will get some pre-season practice games during the next few days, Coach Johnny Howell said this week.

Thursday night of this week the Pipers were slated to entertain the Merkel Badgers on the local court in an unofficial contest. Next Tuesday night the Pipers will go to Abilene, and Thursday night, December 9, they will go to Merkel to pay a return visit to the Badgers.

Other pre-season contests will be slated to get the Pipers in shape for opening of the 5-A loop schedule Tuesday, January 4 when the locals will go to Munday.

Several boys have exhibited good playing qualities in practice sessions, Howell said, and he is not sure of the five who will make up the starting team for the first game.

However, Howell said, it is likely that the quintet will be chosen from a list of nine men who have shown up unusually well in practice. They are: Stanley Butler, Asa Goodgame, Don Rowland, Seth Adams, Earl Putman, Thee Hill, J. B. May, Lewis LaBaume and Tommy Latham.

Campfire Leader to be Here Mon., Dec. 13

Miss Louise Fargher, Camp Fire Girl regional field advisor for Texas, New Mexico, Oklahoma, Arkansas and Louisiana, will be in Hamlin Monday, December 13, for a meeting with local officials of the movement.

Miss Fargher will attend a meeting in the home of Mrs. Don Gould, Blue Bird advisor, at 10:00 a. m. All leaders and workers in the movement, together with interested mothers, are invited to attend the meeting.

Square Dance Team to Give S'water Show

The Hamlin Square Dance team will give an exhibition show Thursday night, in the Blue Bonnet Hotel in Sweetwater as an entertainment for the Hereford Association.

Members of the team are Mr. and Mrs. Ivey Jones, Mr. and Mrs. Gene Witt and Mr. and Mrs. I. R. Witt, all of Hamlin.

The team has given exhibitions for the Stamford Rodeo, the Anson Christmas Ball, the Colorado Cley Square Dance Group and the Amarillo Square Dance Club.

Mr. and Mrs. Eddy Griffin of Borger, were guests in the home of Mr. and Mrs. Barnie Smith and Mr. and Mrs. B. V. Reynolds last weekend.

Additional Students Are on Honor Rolls

Because of an error in the original list of students on the honor roll in Hamlin High School for the first period, an additional list of names are being printed this week. The first list appeared three weeks ago.

Those whose names have been added are: Kay Bessire, Joy Maynard, Gwendolyn Norris, all straight A students; Dorothy Altum made an average of A. The students all are members of the sophomore class.

SS MAN IN STAMFORD

Ralph T. Fisher, manager of the Abilene office of the Social Security Administration, will be in the Stamford Post Office at 3:00 p. m. Thursday, December 9. Persons wishing to file retirement or death claims, or having social security problems to discuss, are requested to get in touch with him there.

Joe Culbertson, E. C. Feagan, F. B. Moore and O. D. Roland went to Dallas last Saturday to attend the SMU-TCU football game.

Joe Nail of Odessa spent the weekend in the home of Mr. and Mrs. J. M. Scott.

Texas and Books

A sad commentary on the literacy of the great state of Texas was made this week in a pamphlet published and distributed by the Texas Library Association, whose chief purpose and intent is to increase the number of books circulated in the Lone Star State.

While Texas ranks first in numerous things as a state, it holds one honor, which, to say the least, is dubious. That is the distinction of being first in the number of people who are without free library service. It leads all of the 48 states in that field.

And, the pamphlet reported, Texas ranks 36th among the states in public library expenditures per capita. Thirty-five other states spend more per person each year to provide books for their citizens than does this fabulously rich state with its oil and gas and iron and lumber and cotton and cattle.

In the state of Texas there are 150 counties with no public libraries at all, and only 40 of the 254 counties have bona fide tax-supported county libraries.

Out of 3,700 cities, towns and villages in the state, only 100 have public libraries, and within our state there are six cities of more than 10,000 population which maintain no public libraries.

The city of Boston, Mass., spent more last year for public libraries than did every city, county, town and village in the entire state of Texas.

Only one cent per person was invested in libraries last year by our great state, while our neighboring states of Arkansas, Louisiana, Oklahoma and New Mexico spent an average of almost seven cents per resident.

The appropriation from the state funds for library purposes for the current fiscal year totals only \$80,270, which amount is hardly sufficient to mail a penny postcard to every resident one time during the year.

Blessed with so many natural resources, and favored by boundless areas of plains, mountains and valleys, Texas has become renowned as a land of unlimited wealth. Its millions of cattle, its hundred of thousands of oil wells, its seemingly endless miles of highways and its agricultural attainments have made Texas truly a land of superlatives. And yet, we have failed in the important task of providing libraries for our citizens.

Texans have been noted for the ability to brag and to boast about things that people of other states would take as a matter of course, but few Texans will feel inclined to brag about the lack of libraries within our state.

But, it is not necessary for Texas to retain the title of the least-read of all states. We can, in true Texas style do, something about this matter. We have the resources

providing ample reading material for our citizens, and all we need is the will to rectify this evil.

If you want to bring Texas out of the unenviable position in which it is placed, write your state senator and your state representative and your governor. Urge that larger appropriations be made for the buying of books and the building of library structures and the training of librarians. Urge that the black mark be removed from our state by an immediate effort to bring wholesome reading material to those who are unable to purchase books for themselves.

And after we have done that, then Texans will have a real right to brag—about something of real value.

The Worth of a Penny

In these days of inflation and constantly spiraling prices the lowly penny has dropped even lower in its ability to purchase. It will buy a postage stamp, or one's weight on a penny scale, but other than that the penny has become almost a useless member of our family of coins.

And yet, there is one item in which the investment of a penny will bring happiness and health and joy beyond one's wildest dreams. That is in the purchase of a Christmas seal in the drive against tuberculosis.

The penny you are asked to contribute for a stamp, of itself, is almost worthless, but added to the pennies contributed by your neighbors and your friends and the people in Dallas and Houston and Corpus Christi and Amarillo, that penny will become a part of a mighty flood whose tide will be turned against the ravages of the dreaded tuberculosis.

Most of us have become extremely careless of the pennies that clutter up our pockets, and most of us give little thought when we spend them. Then, why not turn those pennies into a channel which will help to prolong lives of those whose lives have almost been lost? Why not use them to bring hope to hearts that know no hope? Why not invest them in something which will pay dividends in health and life and happiness?

It is likely that you or your family will never know the wasting horror of tuberculosis. It is to be hoped that you will not have that experience, but it can happen to you just as it has happened to millions of others. And if that moment should ever come, you will be glad that you took the time and trouble to invest those few little pennies in a great cause.

The TB seal campaign is not "just another drive." It is not a scheme to enrich any individual or group, but it is a program that vitally needs your support and your pennies. Will you give them now—give that others may live?

IT MAKES good sense to have your car serviced regularly. The wise motorist makes it a habit to have his car lubricated every 1000 miles, and a complete "Physical Exam" every 5000 miles.

Take a look at your Ford's speedometer, today. If it's nearing a "5000" mile reading, bring it "home" to us for your Ford's "Physical"—which includes a thorough engine, ignition, electrical, wheel and brake check... and a complete inspection of the body, inside and out.

Make it a habit to let us check your Ford regularly to keep the top performance that's built into your car. It's the right way to catch the "little things" that can develop to make driving unsafe. You'll be surprised how much money you'll save throughout the life of your Ford, with regular Ford care.

Your Ford Dealer invites you to listen to the Fred Allen Show, Sunday Evenings—NBC network. Listen to the Ford Theater, Friday Evenings—CBS Network. See your newspaper for time and station.

Annual Sale of Christmas Seals Underway in State

Annual sale of Christmas seals, sponsored by the Texas Tuberculosis Association, opened November 22 and will continue through to Christmas day.

Money derived from sale of the stamps is used to combat tuberculosis in the state and nation, officials of the drive pointed out.

In addition to conducting a constant fight against the disease itself, part of the funds collected goes to an educational program.

The death rate from tuberculosis in Texas is higher than in the nation at large, it was pointed out. During 1947 the death rate in Texas was 38.6 while for the entire nation it was only 33.2.

However, officials of the organization pointed out, the battle is being won in Texas through money contributed to sale of seals. Since 1940 in the state the TB death rate has been reduced 31 per cent, while the rate in the country as a whole has dropped only 20 per cent. Thus, it is said, some 2,000 people are living today in Texas who could have died were it not for the TB campaign.

More than 2,500 Texans die each year as a result of the wasting disease, and TB leads all diseases as a cause of death between the ages of 15 and 44.

Doctors who have studied the malady agree that tuberculosis can be wiped out completely if the public gives full cooperation to medical officials engaged in the struggle.

Seals are mailed out to individuals and firms with return envelopes, inviting the payment of one cent for each seal retained.

Lions See Skits From Junior Class Play

Members of the Hamlin Lions Club were given a preview of sketches from the Junior class play, "Ever Since Eve," at their Tuesday noon meeting.

The sketch was presented by members of the cast who will give the play in the high school auditorium Friday evening, December 3.

Following the play presentation, the Lions discussed the annual singing Christmas program and the drive for funds for Hamlin Memorial Hospital.

Vets Who Change Schools Asked to Notify VA Early

Veterans studying under the GI Bill who want to transfer to another school at the end of the fall semester should notify the Veterans Administration at least 30 days before they intend to make the change.

To enroll at a new school, VA explained, the student-veteran needs a supplemental certificate of eligibility. He also needs a statement from his present school showing that his progress there is satisfactory.

A student-veteran may obtain a supplemental certificate of eligibility by applying to the VA regional office which has his file.

Veterans who have appointments for services authorized by the VA are urged to appear at the appointed time.

VA said veterans should make every effort to keep their medical

Forty Railroad Cars Are Used in Hoof-Mouth Disease Mexico Fight

Forty railroad stock cars have been dedicated to the foot and mouth disease eradication program in Mexico, according to announcement made today by Fred G. Gurley, president of the Santa Fe Railway System at Chicago.

Through their loan to the joint United States-Mexico commission for the eradication of the foot and mouth disease in Mexico, the cars will relieve the acute shortage of stock cars on the Mexican railways and break the existing bottle-neck

in supplying vaccine plants with cattle.

Under the eradication program as implemented by the commission under the direction of General Harry H. Johnson, head quartering in Mexico City, clean cattle are moved from areas of Northern Mexico which now are free from the foot and mouth disease, to Valles, near Tampico on the East coast, where they are then trucked to vaccine plants and vaccinated. As the cattle become infected, they are slaughtered for the vaccine they have produced while the disease was germinating. Meat from these animals is not affected and is canned for Mexican consumption. The bones are burned to destroy the disease.

The commission's aim is to produce and apply 1,000,000 doses of vaccine per month and some 200 cattle per day are required at the plants to keep up the tempo of the eradication.

"The railroads of America have just as important a stake in this emergency as does the livestock industry," Mr. Gurley stated in announcing his decision to lend Santa Fe equipment. "We feel the seriousness of the interruption in the flow of livestock to the vaccine plants merits sending this equipment to our Mexican neighbors to be used for a short time in the furtherance of this program."

Livestock association of Texas, New Mexico and Arizona meeting with national groups and representatives of the Department of Agri-

culture in Denver on October 15, were appraised of the need for action by General Johnson, and through the efforts of Chancellor Weymouth, Amarillo, cattleman, and Ray Willoughby, San Angelo, cattleman and director of the Santa Fe affiliate line in Texas, contact was made with Santa Fe's Traffic Manager H. C. Vincent at Amarillo, who started the ball rolling.

Mr. and Mrs. Harold Newberry of Lubbock were guests of Mr. and Mrs. Harold Newberry Sr., in Hamlin Thursday.

Danger from Tularemia Is Stressed By Health Officer; Rabbits Carriers

Tularemia, or "rabbit fever", is a serious disease is transmitted from rabbits to human beings, usually through direct contact with the infected animal or with objects contaminated by the meat or fur. Each year many persons contract tularemia because they fail to use proper precautions in the handling of the rabbits which are killed for food," Cox said.

"If a rabbit is diseased, careless handling can cause tularemia. This One of the first precautions reco-

mended is to shoot only the healthy rabbits with enough energy to run away from the hunter as he approaches. A listless rabbit that fails to run is probably sick, and should not be taken by the hunter.

A second important safeguard is for the hunter or the housewife to use rubber gloves in cleaning and preparing the rabbit for cooking. The gloves should be sterilized after using, and the refuse and paper that has touched the rabbit should be burned. Hands should be washed thoroughly after the meat has been set to cook.

Adequate cooking is a final safe-

guard that should be observed at all times. To destroy any germs that may be present, the meat should be cooked at boiling temperature for at least 20 minutes, regardless of whether it is to be fried or baked later.

By observing these safety rules, Texans may enjoy their rabbit hunts and rabbit dinners without fear of tularemia.

Mr. and Mrs. D. C. Miller and family of Sundown and Mrs. W. A. McElroy of Hale Center spent the week-end in the home of Mr. and Mrs. Ben F. Smith in Hamlin.

CROWN TEXAN A WHEAT CHAMPION

W. P. Axe

For growing the best Texas wheat exhibited at the Tri-State Fair at Amarillo, Texas, W. P. Axe of Hereford has been awarded the Philip W. Pillsbury trophy, and will have his grain judged for the national Pillsbury prize at Minneapolis, Minn., next spring.

Axe's wheat will compete with samples from the other principal wheat-growing states in the 8th annual competition for this award, which consists of \$100 in cash and an all-expense trip to Minneapolis. This is the first year that Texas wheat has been entered in this competition.

Axe grew the prize-winning grain on his thousand-acre Deaf Smith County ranch, where he also grows potatoes and grain sorghums.

It was hard red winter wheat of the Westar variety, and was grown on 300 acres of irrigated land following a crop of potatoes harvested in July, 1947.

Wheat grown by Leonard F. Wright of Farnsworth, who won second place at the Tri-State Fair, also is eligible to compete for the national prize.

Final Rites for Mrs. G. W. Moss in McCaulley

Funeral services for Mrs. G. W. Moss, 77, pioneer resident of McCaulley, were conducted Monday, November 22 in the McCaulley Baptist Church.

Mrs. Moss died in the Hendrick Memorial Hospital in Abilene Saturday, November 20 following a brief illness. She had been stricken two days previously in her home.

Rev. C. E. Dick, former pastor of the McCaulley Baptist Church, assisted J. Cleo Scott, minister of the Hamlin Church of Christ, in the services.

Mrs. Moss was born May 27, 1871 in Hope, Arkansas. She was married to George William Moss December 24, 1889 and 40 children were born to them. Two of the children died in childhood. Her husband died in 1938.

A church member since an early age, Mrs. Moss has been active in religious work.

She is survived by three daughters: Mrs. Pearl Currie Lubbock; Mrs. Viola Goldsmith, Potterville, California; and Mary Barnes of McCaulley; five sons: William of Meadow; Thomas of Anson, Went of Decatur; Arthur of Lamesa and Clarence of McCaulley.

Other survivors include 26 grandchildren and 10 great grandchildren; four brothers: A. O. Rosenbaum of Post; Fred Rosenbaum of Hamlin; Willie Rosenbaum of El Dorado, Arkansas; and Forest Rosenbaum of Illinois; three sisters: Mrs. Annie S. Suppivan of Odell; Mrs. Dora De Witt of Fort Worth and Mrs. Stella Duke of Grantsville, Oregon.

Burial was in the McCaulley Cemetery, directed by Barrow Funeral Home.

Hotel Entertains at Buffet Supper

Mr. and Mrs. D. M. White and daughters entertained guests of the White Plaza Hotel with a buffet Thanksgiving supper on Wednesday evening, November 17.

Guests present included the following employees of the Humble Oil Co. of Cisco: A. L. Farley, Ray Kinard, Robert C. Arrington, M. C. Wiggs, Rocky Chough, R. E. McGowen, E. D. Litton, W. C. Gardner, Lee R. McDonald, L. C. Burzinsky, L. E. Long, W. P. Brown, W. D. Price and A. W. Triplett. Employees of the Southwestern Bell Telephone Company present were: M. E. Mikeska, Clarence H. Pieper and Ernest E. Wells.

Other guests were J. W. Willett, W. W. Whartley, R. C. Stubb, Mr. and Mrs. Clyde Newberry and Miss Inez LaBaume.

Christmas Dance Is Planned by A&M Club

Plans for a Christmas dance were announced this week by the Haskell, Jones, Stonewall and Knox A&M Club, which is made up of former A&M students from those counties.

The dance will be given at the Haskell American Legion Building December 20, and will begin at 8:00 o'clock.

Music for the dance will be furnished by the Aggie Land Orchestra. All ex-Aggies in the Hamlin area are invited to get in touch with Jesse (Red) Burditt for tickets, before December 9.

Mr. and Mrs. T. E. Russell and family had as their guests last week-end Mrs. Russell's mother, Mrs. Elita Murphy and her daughter, Elita from San Angelo.

Charles Gardner and B. H. Gardner Sr., went to McKinney last Saturday to take E. E. Gardner to a hospital for treatment.

Income Taxes Dip In Texas During October of 1948

Federal internal revenue collections in Texas totaled \$65,274,120 in October, falling five per cent below year earlier collections, the University of Texas Bureau of Business Research reported.

The 15-per-cent climb of income taxes during the past year was overbalanced by a four per cent decline in employment taxes and an 18 per cent drop in withholding taxes.

Collections from July 1 to October 30 gained nine per cent above the like period of 1947. Income taxes during that period rose 18 per cent; employment taxes increased 11 per cent; and withholding taxes fell five per cent.

First District (South Texas) turned in an 11 per cent decrease in taxes from October 1947 to October 1948. Income taxes stepped up three per cent, while employment and

Week's Carloadings Under One Year Ago

The number of cars loaded for shipping in the midwest area during the week ended November 20, showed an appreciable drop from the same period of 1947, reports from the Katy and Santa Fe railroads revealed.

Total loadings for the 1948 period were 33,603 cars and for the corresponding period of 1947 the figure was 35,510.

Guests in the home of Mr. and Mrs. M. D. Brown and family of McCaulley last Thursday were Mrs. Rosie Embrey and daughter, Viola, Mr. and Mrs. Calvin Embrey and son and Mr. and Mrs. Roy Embrey and daughter.

Withholding taxes slid six and 22 per cent, respectively.

In the Second District (North Texas), collections gained two per cent in the year's time. A 33 per cent was reported for income taxes, while employment taxes fell three per cent, and withholding taxes dipped 14 per cent.

Sentinels of Health

Don't Neglect Them!
Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing bloodstream free of an excess of toxic impurities. The act of living—its itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.
Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.
The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste.
Use Doan's Pills. They have sold more than forty years of public approval, are endorsed by the country over, insist on Doan's. Sold at all drug stores.

Roaches Shown as Disease Carriers; Caution Is Urged

Beware the cockroach, homemakers!

Cockroaches, nivercity of Texas bacteriologists report, carry intestinal diseases, and everything possible should be done to exterminate them.

In research studies, Dr. O. B. Williams, chairman of the bacteriology department, and Miss Ruth Bitter, recent graduate, discovered that cockroaches have been known to carry paratyphoid fever, a form of dysentery, and food poisoning.

"It is possible that cockroaches live in close association with rats and mice in the wild state," Dr. Williams said. "In view of their feeding habits, the possibility of their becoming infected or acting as carriers of a variety of micro-organisms is clearly evident."

Miss Bitter studied the large winged American cockroach found in the Central Texas area.

Beard from Morton.

Mrs. O. T. Hennington attended the State Teachers Association in Dallas.

Offer Cash Prize For Best Window

Christmas Lights to Be Turned on Here Saturday Night; Yule Programs Planned

Hamlin will take on a holiday appearance this week-end when colored lights will be turned on in downtown areas and many business houses will unveil their special "Christmas windows" to the view of the public.

The vari-colored lights were strung across downtown streets earlier this week.

A window-dressing contest, sponsored by the Chamber of Commerce, was announced Wednesday after a special committee of the civic club met to discuss details of the plan.

Cash prizes of \$10, \$7.50, \$5 and \$2.50 will be awarded to merchants with the most beautiful windows at the close of the contest on December 15.

The contest, which begins immediately, will be judged by out of town men who will come here December 15 for that purpose.

A contest of yard and home decoration, discussed by members of a women's club in Hamlin, was still undecided Thursday, but some members of the organization hoped to sponsor a contest for Christmas beautifying of homes and lawns in the city.

Mixon Reenlists in Army Medical Service

Sgt. Robert C. Mixon of Hamlin reenlisted in the regular army for an unspecified term this week at Medical Field Service School, Fort Sam Houston, where he is assigned for duty.

Mixon has a prior service record of six years and two months. He was awarded the Good Conduct, World War II Victory, American Defense, American Theater, European-American-Middle East and Asiatic-Pacific (with Bronze Star) medals. Mixon is the son of Mrs. Ida Mixon, Route 2, Hamlin.

Frankie Sue Madden, left, was chosen Queen of the Harvert Festival sponsored by the junior class of Hamlin High School Saturday night, November 27. Lou Sara Dean, right, was selected as the princess for the Hamlin Elementary School.

Additional Students Are on Honor Rolls

Because of an error in the original list of students on the honor roll in Hamlin High School for the first period, an additional list of names are being printed this week. The first list appeared three weeks ago.

Those whose names have been added are: Kay Bessire, Joy Maynard and Gwendolyn Norris, all straight A students; Dorothy Altman made an average of A. The students all are members of the sophomore class.

SS MAN IN STAMFORD.

Ralph T. Fisher, manager of the Abilene office of the Social Security Administration, will be in the Stamford Post Office at 3:00 p. m. Thursday, December 9. Persons wishing to file retirement or death claims, or having social security problems to discuss, are requested to get in touch with him there.

Joe Culbertson, E. C. Peagan, F. B. Moore and O. D. Roland went to Dallas last Saturday to attend the SMU-TCU football game.

Joe Nail of Odessa spent the week end in the home of Mr. and Mrs. J. M. Scott.

Aged Tuxedo Man Killed by Auto Near Farm Home

A. F. French Sr., 76, prominent farmer of the Tuxedo community, was killed last Wednesday evening when struck by an automobile as he was crossing the highway near his home, east of Hamlin.

Joe Virgil Harris, army recruiting officer at Olney, and his brother-in-law were in the car en route to Stanton. Harris, who was driving, said he swerved the car in an effort to avoid hitting the aged man, who retreated in the direction of the curve.

French was taken to the Stamford Sanitarium, but was pronounced dead on arrival.

Funeral services were conducted Friday at 3 p. m. in the Tuxedo Baptist Church. Novel Balze was in charge of the service, assisted by Rev. L. D. Regeon, Baptist pastor, and Rev. W. L. Tucker, Methodist pastor. Burial was in the Fairview cemetery.

French and his wife came to Jones County in 1918 and had made their home in the area since that time. They would have celebrated their golden wedding anniversary in December. French was born in Virginia, April 17, 1872.

Survivors are his widow, a daughter Mrs. Bethel Baise and four sons, Andy, J. K., D. V. and A. J. all of Tuxedo; two brothers, J. W. of Waxahachie and Lowell of Sacramento; three sisters Mrs. Sallie Christopher of Arlington; Mrs. Mollie Woods of Dallas and Mrs. Lucy Akins of Waxahachie.

Mrs. Morgan, who has been serving meals in Hamlin for 15 years, plans to go to San Diego, California, for a brief visit with her son, Eugene Morgan, who is in the Navy. She will return here to continue operating her rooming house.

Rotary Club Given Preview of Play

Hamlin's Rotary Club members were given a preview of scenes from the junior class play, "Ever Since Eve," by members of the cast at the Wednesday noon meeting.

Following the presentation of excerpts from the play, members of the club had a brief business session.

GRAHAMS HAVE GUESTS.

Mrs. W. S. Graham was hostess to relatives and friends at a Thanksgiving dinner in her home last Thursday. Those present were Mr. and Mrs. P. S. Graham and children of Wichita Falls; Mr. and Mrs. J. W. Burgess Jr., Mr. and Mrs. C. M. Abbott, Mr. and Mrs. John E. Walton and son, Stant, and Mr. and Mrs. Thomas Ferguson and children, all of Hamlin.

Mrs. C. C. Prater and Mrs. F. S. Holton and son, Tommy, went to Odessa Tuesday to take Mrs. Charles Prater to Lueders where she visited her father, who is seriously ill.

Dr. and Mrs. Don Gould and children attended the football game between Hardin-Simmons University and Texas Tech in Abilene last Saturday.

Cold Weather Halts Oiling of Streets

Dry, cold weather in Hamlin has caused a temporary halting of the street oiling program, Mayor Holly Toler said this week.

Additional streets cannot be worked until they can be graded, and this cannot be done until after rain has put them in condition for grading, Toler said. In addition, the asphalt surfacing cannot be carried out successfully in cold weather.

Toler invited persons who have put up cash deposits to come to the city hall for their money, if they want to take down the deposit. Those who put up checks, Toler said, are asked to leave them up, as they will not be cashed until work can be resumed next spring. By leaving the checks on deposit work of surfacing will be speeded as soon as the weather will permit.

Two Negroes Pay Heavy Fines for Liquor Violation

Two Hamlin Negroes were assessed heavy fines in county court last Saturday when they entered pleas of guilty to charges of violating the state liquor laws.

The two are Luther Wright and George Rivers. They were arrested in a raid headed by City Marshal J. H. Foster. Other officers on the raid were Jack Miles, Joe Backus, George Connell, and two highway patrolmen from Abilene, whose names were not on record.

The raid was made last Friday and officers said they found five pints and whisky at the Luther Wright place. Wright entered a plea of guilty to the charge and was fined \$300 and costs. The fine last week marks Wright's fifth time during the current year to face charges of the type, Foster said.

Four quarts of wine and one case of beer were confiscated at the George Rivers place, officers said. He paid a fine of \$100 and costs on a plea of guilty to the charge.

Morgan House to Stop Serving of Meals Dec. 18

Hamlin far-famed Morgan House will close its doors to diners on Saturday, December 18, when its kitchen and dining room will be locked up "for good," Mrs. Florence Morgan, proprietor, said this week.

Mrs. Morgan, who has been serving meals in Hamlin for 15 years, plans to go to San Diego, California, for a brief visit with her son, Eugene Morgan, who is in the Navy. She will return here to continue operating her rooming house.

Noted throughout this area of West Texas for the family-style meals served, the Morgan House has attracted numerous visitors to Hamlin.

Mrs. Morgan estimated this week that she has served an average of 150 people each day, which would figure more than 800,000 meals during the years she has operated a dining room.

She began operation of her unique type of boarding house in her home in 1933, and on June 12, 1936, she took over the operation of the large hotel where she is now located.

During the past 15 years the dining room has been closed only one time, for a 30-day vacation.

Mrs. Morgan has eight regular employees and during holiday seasons she employed several additional persons to help with the rush.

The Rotary and Lions Clubs, which have been conducting their meetings at the Morgan House for the past several years, were looking for a location for their future meetings this week.

Mr. and Mrs. William L. Moore of Anson were guests last week of Mrs. Milton Jones.

Mr. and Mrs. Ervin Vickert and daughters spent the Thanksgiving holidays with relatives in Odessa.

Mr. and Mrs. Harold Bonner and children attended the Civic Music Association program in Hardin-Simmons University in Abilene Monday night.

Mr. and Mrs. Thurston L. Thomas of Clovis, New Mexico, spent the Thanksgiving holidays in Hamlin with Mr. and Mrs. W. L. Hunter Jr.

Body of Pvt. Troy Ford Is Coming Home for Burial; Killed at Iwo Jima

After lying on Iwo Jima for more than three years, the body of Private Troy Ford will be brought back to his native state for burial, will military rites, it was announced this week by the War Department.

Ford was the son of Mr. and Mrs. Joe Ford of the Wise Chapel community. It is in that community that funeral services will be conducted and final burial will be made.

Born at Whitney, Hill County, November 10, 1921, young Ford came to Jones County with his parents in 1928. They moved to the Wise Chapel area in 1938. Ford graduated from Hamlin High School in 1940.

After spending two years as an employee of the Rohr Aircraft Co., Ford volunteered for military service in 1942. He was assigned to the marine corps and received his training in California.

Shipped overseas in August of 1944, Ford took part in several engagements. He was stationed on Guam for several months with the Third Marine force. He took part in the attack on Iwo Jima and after six days of fighting he was killed in action on February 27, 1945.

Troy became a Christian at an early age and united with the Fairview Baptist Church, of which he was a member when killed.

Funeral services will be announced after the body arrives at the family home.

He is survived by his parents, Mr. and Mrs. Joe Ford; four sisters, Inez of Dodge City, Kansas, Mrs. Carl Smith, Stamford, Mrs. D. B. Lieb, Portales, N. M., and Wanda of Abilene; six brothers, C. E. of Stamford, H. L., Wilburn, Joe Edwin, David and Douglas, all of Hamlin.

PVT. TROY FORD

Junior Class Play to Be Given Friday Night

Hamlin High School's junior class will present its annual play in a performance in the high school auditorium Friday evening, Miss Billy Lancaster, director said this week. The play, a 3-act comedy, is titled, "Ever Since Eve."

The cast of characters, as announced, follows: Cleta Paye Willis, Mrs. Clover; Ted Kelly, Spud Erwin; Nita Green, Betsy Erwin; Donna Miller, Susan Blake; Patsey Parker, Martha Willard; Harold Carter, Officer Simmons; Billy Roach, Henry Quinn; Frankie Madden, Lucy Belle Lee; Buddy O'Neal, Preston Hughes; Wesley Campbell, Bedford Putman; Eddon Campbell and Dumwood Smith, football players.

Frances Boyd is stage manager for the play and Wayne Daniels is sound man. Wilma Rhoten and Nellie Koonce are prompters.

Complete 3 Wells In Hamlin Field

Ellis Hall Hits Pay at 4,368 Feet for 250-Barrel Producer; Brynt and Flores Also Hit

Hamlin's oil field in the Round Top area took on new life this week with completion of two wells for production, and with two others in pay structure but having troubles.

The Ellis Hall on the Sterling tract came in early this week for a good producer from 4,368 feet—the highest pay production in the field.

The well has not yet been given an official test, but operators estimated it will produce 250 barrels daily on a quarter inch choke. The well penetrated the pay structure Sunday.

The Dr. W. H. Bryant well on the Swenson tract hit pay in the Palo Pinto reef and will be given an official test late this week.

Meanwhile, trouble stalked the General Crude Co., drilling the Flores No. 2, when the tools penetrated pay but the company was unable to bring in the well immediately because of lost circulation. Crews were working Thursday to restore circulation and complete the well.

The General Crude, Flores No. 1, being drilled with a standard rig, also hit pay, but it will be several days before the test can be put on production.

General Crude has moved a rig to a new location, directly east of

its No. 1 test on Flores, and the same company is digging a slush pit for its No. 4 well, to which it will move its derrick from its No. 2 venture.

The J. B. Terrell No. 2 was drilling this week past the 2,900 foot mark and hoped to pick up production within the next week.

The Ellis A. Hall, G. A. Poe well was bottomed at 2,200 feet Thursday and drilling ahead.

Cotton Prices Up For Week; Seed Prices Climb Too

Cotton moved to Oklahoma and Texas markets last week in larger volume and at higher prices than the week before, reports the southwest area office, United States Department of Agriculture's Production and Marketing Administration.

Sales at Houston, Galveston and Dallas climbed to 122,289 bales compared with 75,245 a week earlier. Ten spot markets reported sales of 235,000 bales against 169,000 last week. Cotton also entered government loan in heavy volume, and increased the season's total to 2,294,000 bales.

Houston and Dallas paid 31.40 cents for middling 15-16 inch at the close of the week while Galveston paid 31.30 cents. These prices were \$9.50 to \$11.75 per bale less than for the same week a year ago.

Domestic mill interests were light but export demand continued good. Best shippers demand was for strict low middling and better, ranging in staple lengths 16-16 inch through 1-1-16 inch. Demand for 7-8 inch staple in practically all grades was good, however the supply of some grades was scarce.

West Texas and Oklahoma saw favorable weather for the week and harvest made good progress. Mechanical harvesters were being used in these areas on a limited scale. Scrapping continued in other producing areas while others reported fields had been plowed.

Open Fund Drive; \$2,000 Reported

Solicitation in Residential Areas Will Be Completed by Committees This Week

More than \$2,000 in cash contributions had been raised in the first two days of solicitation in the drive for funds to retire outstanding indebtedness against the Hamlin Memorial Hospital, committee members reported Wednesday.

The campaign for funds opened Monday morning and will continue throughout the week, which has been designated "Hospital Week" in a proclamation by Mayor Holly Toler.

The money reported was raised by a partial solicitation of business blocks in the city. Not all of the business district had been visited by solicitors, and committee members were expected to complete the task by Friday.

Solicitation in residential areas will get underway in earnest Thursday, Friday and Saturday and an effort will be made to see each resident of the city and give an opportunity for contributing to the hospital fund.

Piper Cagers to Play Pre-Season Practice Games

Jumping the gun on the official opening of the basketball season, the Hamlin Pied Piper cagers will get some pre-season practice games during the next few days, Coach Johnny Haxell said this week.

Thursday night of this week the Pipers were slated to entertain the Merkel Badgers on the local court in an unofficial contest. Next Tuesday night the Pipers will go to Abilene, and Thursday night, December 9, they will go to Merkel to pay a return visit to the Badgers.

Other pre-season contests will be slated to get the Pipers in shape for opening of the 5-A loop schedule Tuesday, January 4 when the locals will go to Munday.

Several boys have exhibited good playing qualities in practice sessions, Howell said, and he is not sure of the five who will make up the starting team for the first game.

However, Howell said, it is likely that the quintet will be chosen from a list of nine men who have shown up unusually well in practice. They are: Stanley Butler, Asa Goodgame, Don Rowland, Seth Adams, Earl Putman, Thee Hill, J. B. May, Lewis LaBaume and Tommy Latham.

Campfire Leader to Be Here Mon., Dec. 13

Miss Louise Fargher, Camp Fire Girl regional field advisor for Texas, New Mexico, Oklahoma, Arkansas and Louisiana, will be in Hamlin Monday, December 13, for a meeting with local officials of the movement.

Miss Fargher will attend a meeting in the home of Mrs. Don Gould, Blue Bird advisor, at 10:00 a. m. All leaders and workers in the movement, together with interested mothers, are invited to attend the meeting.

Square Dance Team to Give S'water Show

The Hamlin Square Dance team will give an exhibition show Thursday night in the Blue Bonnet Hotel in Sweetwater as an entertainment for the Hereford Association.

Members of the team are Mr. and Mrs. Ivey Jones, Mr. and Mrs. Gene Witt and Mr. and Mrs. I. R. Witt, all of Hamlin.

The team has given exhibitions for the Stamford Rodeo, the Anson Christmas Ball, the Colorado Cley Square Dance Group and the Amarillo Square Dance Club.

Mr. and Mrs. Eddy Griffin of Borger, were guests in the home of Mr. and Mrs. Barne Smith and Mr. and Mrs. B. V. Reynolds last weekend.

Texas and Books

A sad commentary on the literacy of the great state of Texas was made this week in a pamphlet published and distributed by the Texas Library Association, whose chief purpose and intent is to increase the number of books circulated in the Lone Star State.

While Texas ranks first in numerous things as a state, it holds one honor, which, to say the least, is dubious. That is the distinction of being first in the number of people who are without free library service. It leads all of the 48 states in that field.

And, the pamphlet reported, Texas ranks 26th among the states in public library expenditures per capita. Thirty-five other states spend more per person each year to provide books for their citizens than does this fabulously rich state with its oil and gas and iron and lumber and cotton and cattle.

In the state of Texas there are 150 counties with no public libraries at all, and only 40 of the 254 counties have bona fide tax-supported county libraries.

Out of 3,700 cities, towns and villages in the state, only 100 have public libraries, and within our state there are six cities of more than 10,000 population which maintain no public libraries.

The city of Boston, Mass., spent more last year for public libraries than did every city, county, town and village in the entire state of Texas.

Only one cent per person was invested in libraries last year by our great state, while our neighboring states of Arkansas, Louisiana, Oklahoma and New Mexico spent an average of almost seven cents per resident.

The appropriation from the state funds for library purposes for the current fiscal year totals only \$80,270, which amount is hardly sufficient to mail a penny postcard to every resident one time during the year.

Blessed with so many natural resources, and favored by boundless areas of plains, mountains and valleys, Texas has become renowned as a land of unlimited wealth. Its millions of cattle, its hundred of thousands of oil wells, its seemingly endless miles of highways and its agricultural attainments have made Texas truly a land of superlatives. And yet, we have failed in the important task of providing libraries for our citizens.

Texans have been noted for the ability to brag and to boast about things that people of other states would take as a matter of course, but few Texans will feel inclined to brag about the lack of libraries within our state.

But, it is not necessary for Texas to retain the title of the least-read of all states. We can, in true Texas style do, something about this matter. We have the resources

providing ample reading material for our citizens, and all we need is the will to rectify this evil.

If you want to bring Texas out of the unenviable position in which it is placed, write your state senator and your state representative and your governor. Urge that larger appropriations be made for the buying of books and the building of library structures and the training of librarians. Urge that the black mark be removed from our state by an immediate effort to bring wholesome reading material to those who are unable to purchase books for themselves.

And after we have done that, then Texans will have a real right to brag—about something of real value.

The Worth of a Penny

In these days of inflation and constantly spiraling prices the lowly penny has dropped even lower in its ability to purchase. It will buy a postage stamp, or one's weight on a penny scale, but other than that the penny has become almost a useless member of our family of coins.

And yet, there is one item in which the investment of a penny will bring happiness and health and joy beyond one's wildest dreams. That is in the purchase of a Christmas seal in the drive against tuberculosis.

The penny you are asked to contribute for a stamp, of itself, is almost worthless, but added to the pennies contributed by your neighbors and your friends and the people in Dallas and Houston and Corpus Christi and Amarillo, that penny will become a part of a mighty flood whose tide will be turned against the ravages of the dreaded tuberculosis.

Most of us have become extremely careless of the pennies that clutter up our pockets, and most of us give little thought when we spend them. Then, why not turn those pennies into a channel which will help to prolong lives of those whose lives have almost been lost? Why not use them to bring hope to hearts that know no hope? Why not invest them in something which will pay dividends in health and life and happiness?

It is likely that you or your family will never know the wasting horror of tuberculosis. It is to be hoped that you will not have that experience, but it can happen to you just as it has happened to millions of others. And if that moment should ever come, you will be glad that you took the time and trouble to invest those few little pennies in a great cause.

The TB seal campaign is not "just another drive." It is not a scheme to enrich any individual or group, but it is a program that vitally needs your support and your pennies. Will you give them now—give that others may live?

FORD "PHYSICAL"

Every
5000 MILES

IT MAKES good sense to have your car serviced regularly. The wise motorist makes it a habit to have his car lubricated every 1000 miles, and a complete "Physical Exam" every 5000 miles.

Take a look at your Ford's speedometer, today. If it's nearing a "5000" mile reading, bring it "home" to us for your Ford's "Physical"—which includes a thorough engine, ignition, electrical, wheel and brake check... and a complete inspection of the body, inside and out.

Make it a habit to let us check your Ford regularly to keep the top performance that's built into your car. It's the right way to catch the "little things" that can develop to make driving unsafe. Annual Sale of Christmas Seals Underway in State

Annual sale of Christmas seals, sponsored by the Texas Tuberculosis Association, opened November 22 and will continue through to Christmas day.

Money derived from sale of the stamps is used to combat tuberculosis in the state and nation, officials of the drive pointed out.

In addition to conducting a constant fight against the disease itself, part of the funds collected goes to an educational program.

The death rate from tuberculosis in Texas is higher than in the nation at large, it was pointed out. During 1947 the death rate in Texas was 38.6 while for the entire nation it was only 33.2.

However, officials of the organization pointed out, the battle is being won in Texas through money contributed to sale of seals. Since 1940 in the state the TB death rate has been reduced 31 per cent, while the rate in the country as a whole has dropped only 20 per cent. Thus, it is said, some 2,200 people are living today in Texas who could have died were it not for the TB campaign.

More than 2,500 Texans die each year as a result of the wasting disease, and TB leads all diseases as a cause of death between the ages of 15 and 44.

Doctors who have studied the malady agree that tuberculosis can be wiped out completely if the public gives full cooperation to medical officials engaged in the struggle.

Seals are mailed out to individuals and firms with return envelopes, inviting the payment of one cent for each seal retained.

Lions See Skits From Junior Class Play

Members of the Hamlin Lions Club were given a preview of sketches from the Junior class play, "Ever Since Eve," at their Tuesday noon meeting.

The sketch was presented by members of the cast who will give the play in the high school auditorium Friday evening, December 3.

Following the play presentation, the Lions discussed the annual singing Christmas program and the drive for funds for Hamlin Memorial Hospital.

Vets Who Change Schools Asked to Notify VA Early

Veterans studying under the GI Bill who want to transfer to another school at the end of the fall semester should notify the Veterans Administration at least 30 days before they intend to make the change.

To enroll at a new school, VA explained, the student-veteran needs a supplemental certificate of eligibility. He also needs a statement from his present school showing that his progress there is satisfactory.

A student-veteran may obtain a supplemental certificate of eligibility by applying to the VA regional office which has his file.

Veterans who have appointments for services authorized by the VA are urged to appear at the appointed time.

VA said veterans should make every effort to keep their medical

or dental examinations at the time specified. These examinations are set on a regular schedule. When a veteran fails to appear he wastes not only the time of VA personnel preparing to give the examination or treatment, but prevents them from re-scheduling some other veteran for that period.

Broken appointments also result in unnecessary delays in medical and dental care to all veterans of the surrounding area and reduces the number of veterans who can be served by VA.

If an appointment cannot be kept, VA should be notified in advance.

Large Crowd Attended Thanksgiving Service

A large crowd of Hamlin people attended the union Thanksgiving services conducted last Wednesday evening in the First Methodist Church.

Special music was given by the Methodist choir and members of the congregation joined in singing hymns. Elder W. E. Nunn, pastor of the Calvary Baptist Church, was speaker for the occasion.

Mrs. J. A. Neagle who has been in the Stamford Sanitarium for several weeks, was returned to her home here last week. Her condition is reported improved.

Mrs. A. W. Lorenz and two children of Omaha, Nebraska, is spending this month in Hamlin as a guest of her mother, Mrs. W. R. Redus, Mrs. Lorenz is the former Wilda Redus, and attended school here.

Mr. and Mrs. Joe Moser and family of Colorado City spent the holidays in the Henry Albritton home. Cecilia Albritton returned to Colorado City with them to spend the week-end.

Forty Railroad Cars Are Used in Hoof-Mouth Disease Mexico Fight

Forty railroad stock cars have been dedicated to the foot and mouth disease eradication program in Mexico, according to announcement made today by Fred G. Gurley, president of the Santa Fe Railway System at Chicago.

Through their loan to the joint United States-Mexico commission for the eradication of the foot and mouth disease in Mexico, the cars will relieve the acute shortage of stock cars on the Mexican railways and break the existing bottle-neck

in supplying vaccine plants with cattle.

Under the eradication program as implemented by the commission under the direction of General Harry H. Johnson, head quartering in Mexico City, clean cattle are moved from areas of Northern Mexico which now are free from the foot and mouth disease, to Valles, near Tampico on the East coast, where they are then trucked to vaccine plants and vaccinated. As the cattle become infected, they are slaughtered for the vaccine they have produced while the disease was germinating. Meat from these animals is not affected and is canned for Mexican consumption. The bones are burned to destroy the disease.

The commission's aim is to produce and apply 1,000,000 doses of vaccine per month and some 200 cattle per day are required at the plants to keep up the tempo of the eradication.

"The railroads of America have just as important a stake in this emergency as does the livestock industry," Mr. Gurley stated in announcing his decision to lend Santa Fe equipment. "We feel the seriousness of the interruption in the flow of livestock to the vaccine plants merits sending this equipment to our Mexican neighbors to be used for a short time in the furtherance of this program."

Livestock association of Texas, New Mexico and Arizona meeting with national groups and representatives of the Department of Agri-

culture in Denver on October 15, were appraised of the need for action by General Johnson, and through the efforts of Chancellor Weymouth, Amarillo, cattleman, and Ray Willoughby, San Angelo, cattleman and director of the Santa Fe affiliate line in Texas, contact was made with Santa Fe's Traffic Manager H. C. Vincent at Amarillo, who started the ball rolling.

Mr. and Mrs. Harold Newberry of Lubbock were guests of Mr. and Mrs. Harold Newberry Sr., in Hamlin Thursday.

Danger from Tularemia Is Stressed By Health Officer; Rabbits Carriers

Tularemia, or "rabbit fever", is a serious disease is transmitted from rabbits to human beings, usually through direct contact with the infected animal or with objects contaminated by the meat or fur. Each year many persons contract tularemia because they fail to use proper precautions in the handling of the rabbits which are killed for food," Cox said.

"If a rabbit is diseased, careless handling can cause tularemia. This

serious disease is transmitted from rabbits to human beings, usually through direct contact with the infected animal or with objects contaminated by the meat or fur. Each year many persons contract tularemia because they fail to use proper precautions in the handling of the rabbits which are killed for food," Cox said.

One of the first precautions reco-

mended is to shoot only the healthy rabbits with enough energy to run away from the hunter as he approaches. A listless rabbit that fails to run is probably sick, and should not be taken by the hunter.

A second important safeguard is for the hunter or the housewife to use rubber gloves in cleaning and preparing the rabbit for cooking. The gloves should be sterilized after using, and the refuse and paper that has touched the rabbit should be burned. Hands should be washed thoroughly after the meat has been set to cook.

Adequate cooking is a final safe-

guard that should be observed at all times. To destroy any germs that may be present, the meat should be cooked at boiling temperature for at least 20 minutes, regardless of whether it is to be fried or baked later.

By observing these safety rules, Texans may enjoy their rabbit hunts and rabbit dinners without fear of tularemia.

W. P. Axe

For growing the best Texas wheat exhibited at the Tri-State Fair at Amarillo, Texas, W. P. Axe of Hereford has been awarded the Philip W. Pillsbury trophy, and will have his grain judged for the national Pillsbury prize at Minneapolis, Minn., next spring.

Axe's wheat will compete with samples from the other principal wheat-growing states in the 8th annual competition for this award, which consists of \$100 in cash and an all-expense trip to Minneapolis. This is the first year that Texas wheat has been entered in this competition.

Axe grew the prize-winning grain on his thousand-acre Deaf Smith County ranch, where he also grows potatoes and grain sorghums.

It was hard red winter wheat of the Westar variety, and was grown on 300 acres of irrigated land following a crop of potatoes harvested in July, 1947.

Wheat grown by Leonard F. Wright of Farnsworth, who won second place at the Tri State Fair, also is eligible to compete for the national prize.

Final Rites for Mrs. G. W. Moss in McCaulley

Funeral services for Mrs. G. W. Moss, 77, pioneer resident of McCaulley, were conducted Monday, November 22 in the McCaulley Baptist Church.

Mrs. Moss died in the Hendrick Memorial Hospital in Abilene Saturday, November 20 following a brief illness. She had been stricken two days previously in her home.

Rev. C. E. Dick, former pastor of the McCaulley Baptist Church, assisted J. Cleo Scott, minister of the Hamlin Church of Christ, in the services.

Mrs. Moss was born May 27, 1871 in Hope, Arkansas. She was married to George William Moss December 24, 1889 and 10 children were born to them. Two of the children died in childhood. Her husband died in 1938.

A church member since an early age, Mrs. Moss has been active in religious work.

She is survived by three daughters: Mrs. Pearl Currie, Lubbock; Mrs. Viola Goldsmith, Potterville, California; and Mary Barnes of McCaulley; five sons: William of Meadow; Thomas of Anson, West of Decatur; Arthur of Lamesa and Clarence of McCaulley.

Other survivors include 26 grandchildren and 10 great grandchildren; four brothers: A. O. Rosenbaum of Post; Fred Rosenbaum of Hamlin; Willie Rosenbaum of El Dorado, Arkansas; and Forest Rosenbaum of Illinois; three sisters: Mrs. Annie S. Suppivan of Odell; Mrs. Dora De Witt of Fort Worth and Mrs. Stella Duke of Grantsville, Oregon.

Burial was in the McCaulley Cemetery, directed by Barrow Funeral Home.

Hotel Entertains at Buffet Supper

Mr. and Mrs. D. M. White and daughters entertained guests of the White Plaza Hotel with a buffet Thanksgiving supper on Wednesday evening, November 17.

Guests present included the following employees of the Humble Oil Co. of Cisco: A. L. Farley, Ray Kinard, Robert C. Arrington, M. C. Wiggs, Rocky Chough, R. E. McGowan, E. D. Lutton, W. C. Gardner, Lee R. McDonald, L. C. Burzinsky, L. E. Long, W. P. Brown, W. D. Price and A. W. Triplett. Employees of the Southwestern Bell Telephone Company present were: M. E. Mikeska, Clarence H. Pieper and Ernest E. Wells.

Other guests were J. W. Willett, W. W. Whartley, R. C. Stubbs, Mr. and Mrs. Clyde Newberry and Miss Inez LaBaume.

Christmas Dance Is Planned by A&M Club

Plans for a Christmas dance were announced this week by the Haskell, Jones, Stonewall and Knox A&M Club, which is made up of former A&M students from those counties. The dance will be given at the Haskell American Legion Building December 20, and will begin at 8:00 o'clock.

Music for the dance will be furnished by the Aggie Land Orchestra. All ex-Aggies in the Hamlin area are invited to get in touch with Jesse (Red) Burditt for tickets, before December 9.

Mr. and Mrs. T. E. Russell and family had as their guests last weekend Mrs. Russell's mother, Mrs. Elita Murphy and her daughter, Elita from San Angelo.

Charles Gardner and B. H. Gardner Sr., went to McKinney last Saturday to take E. E. Gardner to a hospital for treatment.

Income Taxes Dip In Texas During October of 1948

Federal internal revenue collections in Texas totaled \$65,274,120 in October, falling five per cent below year earlier collections, the University of Texas Bureau of Business Research reported.

The 15-per-cent climb of income taxes during the past year was overbalanced by a four per cent decline in employment taxes and an 18 per cent drop in withholding taxes.

Collections from July 1 to October 30 gained nine per cent above the like period of 1947. Income taxes during that period rose 18 per cent; employment taxes increased 11 per cent; and withholding taxes fell five per cent.

First District (South Texas) turned in an 11 per cent decrease in taxes from October 1947 to October 1948. Income taxes stepped up three per cent, while employment and

Week's Carloadings Under One Year Ago

The number of cars loaded for shipping in the midwest area during the week ended November 20, showed an appreciable drop from the same period of 1947, reports from the Katy and Santa Fe railroads revealed.

Total loadings for the 1948 period were 33,603 cars and for the corresponding period of 1947 the figure was 35,510.

Guests in the home of Mr. and Mrs. M. D. Brown and family of McCaulley last Thursday were Mrs. Rosie Embrey and daughter, Viola, Mr. and Mrs. Calvin Embrey and son and Mr. and Mrs. Roy Embrey and daughter.

Withholding taxes slid six and 22 per cent, respectively.

In the Second District (North Texas), collections gained two per cent in the year's time. A 33 per cent was reported for income taxes, while employment taxes fell three per cent, and withholding taxes dipped 14 per cent.

Garment Factory Seen if Scient Labor Can Be Obtained

That a garment factory is being established in Stamford was announced when Jack Norman, president of the Stamford Chamber of Commerce, issued an appeal to the community for prospective workers.

A survey of Stamford by representatives of the garment industry indicated that the site is being given favorable consideration. Norman said the lack of experienced labor is the main obstacle.

He said the plant, if established, would provide work for laborers in the radius which would include Anson, Haskell, Rule and other nearby communities.

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing bloodstream free of an excess of toxic impurities. The art of living—its itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause nagging backache, frequent urination, attacks of dizziness, persistent headache, attacks of indigestion, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisons.

Roaches Shown as Disease Carriers; Caution Is Urged

Beware the cockroach, homemakers!

Cockroaches, nine-tenths of Texas bacteriologists report, carry intestinal diseases, and everything possible should be done to exterminate them.

In research studies, Dr. O. B. Williams, chairman of the bacteriology department, and Miss Ruth Bitter, recent graduate, discovered that cockroaches have been known to carry paratyphoid fever, a form of dysentery, and food poisoning.

"It is possible that cockroaches live in close association with rats and mice in the wild state," Dr. Williams said. "In view of their feeding habits, the possibility of their becoming infected or acting as carriers of a variety of micro-organisms is clearly evident."

Miss Bitter studied the large-winged American cockroach found in the Central Texas area.
